Dennis P. Stuckey, Chairman

Joshua G. Parsons, Vice-Chairman

Craig E. Lehman, Commissioner

### Executive Director

James R. Cowhey, AICP

3/2/17

## Lancaster County Bicycle & Pedestrian Advisory Committee (BPAC)

### SEEKING NEW MEMBERS

BPAC was established to provide guidance to the Lancaster MPO (Metropolitan Planning Organization) on issues related to non-motorized modes of transportation. Current membership is 5, but we are looking to increase the number of members and diversity of the committee, specifically for pedestrian issues.

Experience, knowledge or interest in improving the role of bicycles and pedestrians in the transportation planning process is essential.

BPAC is an ADVISORY committee on transportation plans, programs, and projects brought before the MPO. Examples include, but are not limited to:

PennDOT Connects

Long Range Transportation Plan (LRTP)

Active Transportation Plan

Transportation Improvement Program (TIP) projects

Transportation Alternatives Program

Corridor studies

Road safety audits

Unified Planning Work Program (UPWP)

BPAC meets 5 times a year

BPAC is not a policy making body or a local advocacy group. It is an advisory committee that operates within the federal transportation planning process.

Interested in becoming a member? Contact:

Bob Bini, Director for Transportation Planning
