## Recommendation

### Approval with Comments

#### Future Land Use, Villages, Agricultural Economy, Farmland Preservation

1. Continue inter-municipal simplified zoning efforts with neighboring municipalities
2. Clarify specific development, redevelopment, preservation efforts for Ronks and Witmer villages
3. Ensure Growth Area Map with Future Land Use Map alignment
4. Integrate the Plain Sect community's changing non-farm business needs in overall rural economy strategy
5. Coordinate agricultural economy and farmland preservation education and awareness efforts
6. Identify priority preservation areas

Draft Review

**CPO # 40-39**

**Reviewer: Renee Addleman**

## Proposal

- The Lancaster County Vacant Property Reinvestment Board (the “VPRB”) requests that the Lancaster County Planning Commission certify its determination of blighted conditions for the property located at 44 Crescent Drive in Manheim Borough.

## Details

- Owned by Stephen L. Eshelman (deceased)
- Contains a single-family detached dwelling
- Approximately 0.31 acres of land.
- Borough's (R-1) Residential Zoning District
- Adjacent to similar single-family detached dwellings
- Within the Manheim Urban Growth Area
- Borders Rapho Township

# Manheim Borough

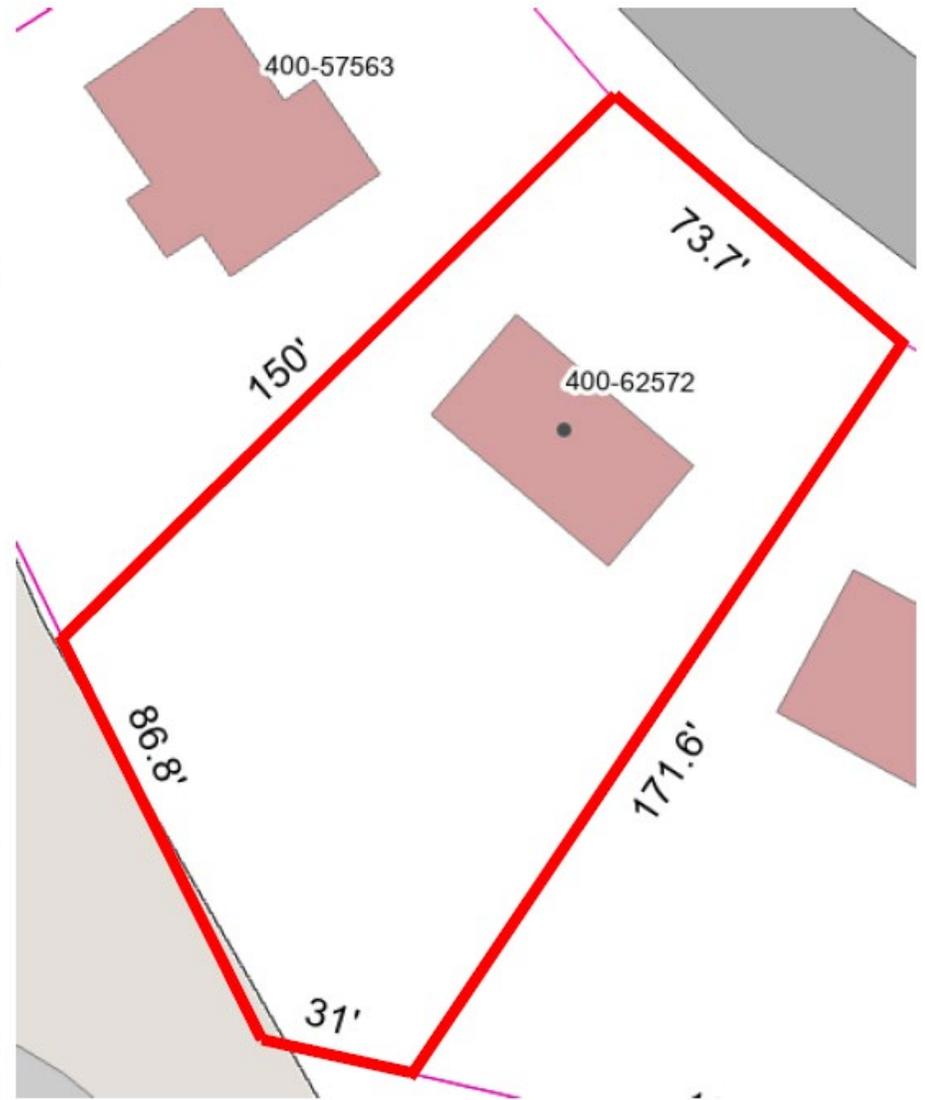

**CPO # 40-39**

**Reviewer: Renee Addleman**

## Details

- The property is vacant with a deceased owner.
- It was condemned in August 2018, June 2023, and April 2025.
- A Lien Notice was issued on December 4, 2024.
- An inspection conducted on April 4, 2025, confirmed further deterioration of the structure, and it was verified that water service had not been restored.
- A Final Notice of Violation was issued on April 16, 2025, citing violations including deteriorated garage doors, exposed wood, missing fascia, and detached gutters, all of which remain unaddressed.
- The condition of the property constitutes an unsafe structure, creating a threat to public health, safety, and welfare, as well as contributing to neighborhood blight and property devaluation.
- The VPRB then followed their standard process in its determination of blighted conditions.

Draft Review

CPO # 46-161

Reviewer: Renee Addleman

## Proposal

Proposed amendments to the Mount Joy Township Zoning Ordinance related to Planned Mixed-Use Developments.

## Details

- Elizabethtown Crossing Associates, LLC, Petitioner, is the equitable owner of twelve tracts of land, comprising approximately 59.98 acres, located in Mount Joy Township, and is also the equitable owner of two tracts of land, comprising approximately 3.954 acres, located in Elizabethtown Borough.
- Petitioner desires to comprehensively subdivide and develop the property with a mixture of commercial, residential, and industrial uses.
- In order to facilitate the development, they are requesting to amend the Zoning Ordinance to add guidelines for Planned Mixed-Use Developments.

# Mount Joy Township

CPO # 46-161

Reviewer: Renee Addleman

## Details

- **PLANNED MIXED-USE DEVELOPMENT:** A planned center containing a combination of commercial, industrial, and residential uses. The total area of a Planned Mixed-Use Development must be greater than or equal to 40 acres, and all of the land within the Planned Mixed-Use Development must be located within a 2,500-foot radius of the center point of an S.R. 283 interchange.
- Permit Planned Mixed-Use Developments by Special Exception within the Mixed-Use Zoning District

# Mount Joy Township

CPO # 46-161

Reviewer: Renee Addleman

## Planned Mixed-Use Developments

In addition to all uses permitted by the zoning district, planned mixed-use developments permit:

- Industrial uses not to exceed 250,000 square feet (warehousing, manufacturing, processing, packaging, production, wholesaling, storage, distribution or repair)
- Apartment houses and townhouses (currently only permitted on lots of less than five acres in MU zone)
- More than one principal use on a lot (without demonstrating compliance with § 135-295)

Retail Stores in excess of 10,000 square feet shall not be required to demonstrate compliance with the Specific Use Standards in § 135-256

No more than 15% of the gross area may be comprised of residential units (the MU zone limits gross floor area of residential units in mixed-use developments to 10%)

# Mount Joy Township

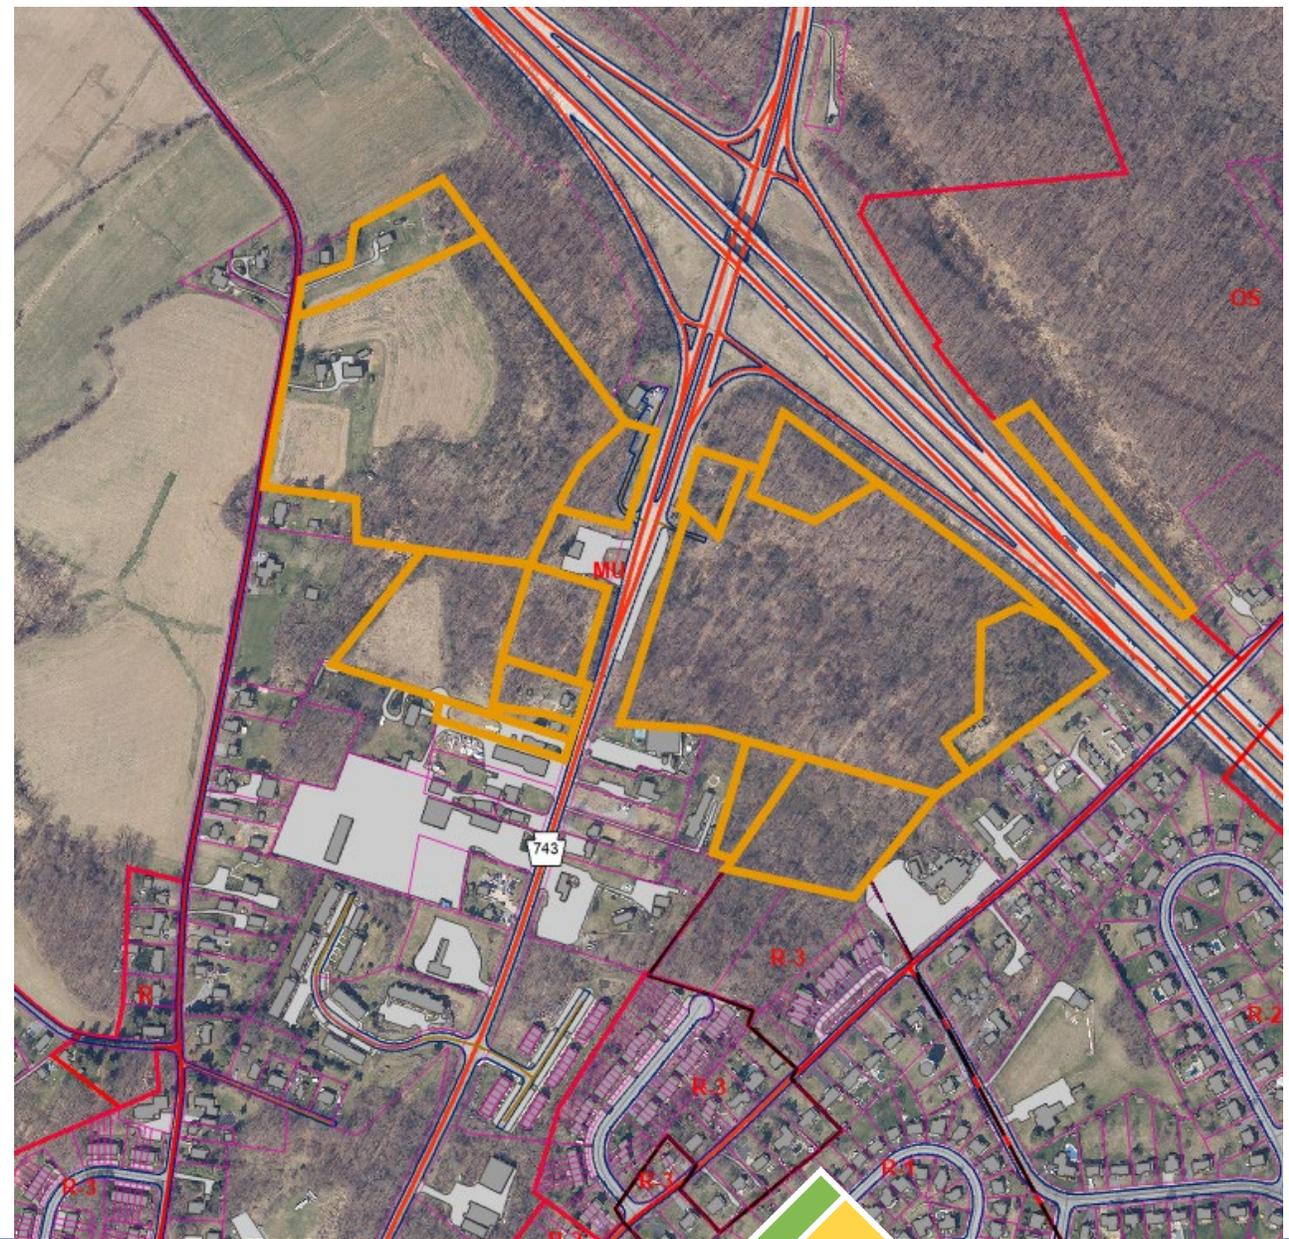

**CPO # 46-161**

**Reviewer: Renee Addleman**

## Within Planned Mixed-Use Developments

- Apartment house minimum lot area may increase by 1,500 square feet for every dwelling unit above three
- Townhouse buildings may contain up to eight units per building, currently six permitted
- Reduce the amount of parking spaces needed for a dwelling unit with three bedrooms or fewer from 2 to 1.25
- Amend the regulation that limits the hours of shipping and receiving from between 9PM and 8AM within 600' of a residential zoning district or existing residential development to allow for no limitations in Planned Mixed-Use Developments

# Mount Joy Township

CPO # 46-161

Reviewer: Renee Addleman

## Consistency with Comprehensive Plans

**places2040 (2018):** Consistent and Inconsistent

Policy: *Intentionally cultivate, retain, and expand industry*

Consistent with: Connecting People, Place & Opportunity

- The policy notes that industrial land availability must keep pace with population growth, and the amendments permit industrial within the planned mixed-use development

Inconsistent with: Connecting People, Place & Opportunity

- It emphasizes the importance of identifying the right place for this type of development; large-scale industrial uses are generally incompatible with residential uses in a mixed-use context

# Mount Joy Township

CPO # 46-161

Reviewer: Renee Addleman

## Consistency with Comprehensive Plans

**places2040 (2018):** Inconsistent

Policy: *Create a mix of uses in our communities and corridors*

Inconsistent with: Creating Great Places

- This policy recommends mixing housing with other uses and retrofitting retail and commercial areas to accommodate more housing. The proposed amendments and subsequent Sketch Plan do not encourage the development of housing combined with other uses, instead supporting the development of industrial uses that typically require separation from residential, while identifying as 'mixed-use'.

# Mount Joy Township

CPO # 46-161

Reviewer: Renee Addleman

## Consistency with Comprehensive Plans

**places2040 (2018):** Consistent and Inconsistent

Policy: *Provide a greater supply and diversity of housing types to own and rent*

Consistent with: Creating Great Places

- Several of the proposed amendments support the inclusion of more and varying types of housing units within planned mixed-use developments

Inconsistent with: Creating Great Places

- By permitting industrial uses up to 250,000 square feet within this Growth Area and its MU Zoning District, proposed amendments permit applicants to devote a significant amount of land to large warehouses that would otherwise remain available for residential development and supporting commercial/institutional uses.

# Mount Joy Township

CPO # 46-161

Reviewer: Renee Addleman

## Recommendation

Disapproval with comments:

While some proposed amendments, such as allowing for increased dwelling units within planned mixed-use developments, align with *places2040*, permitting large-scale industrial uses within the MU Zoning District raises concern. Industrial buildings as large as 250,000 square feet are incompatible with this zoning district's intended purpose as a place for 'neighborhood-type character' via the mixing of retail, cultural, service, office, residential and institutional uses. If the Township decides these areas are appropriate for industrial development, uses currently permitted in its Light Industrial Zone (up to 50,000 square feet) could be of a more suitable scale.

As all proposed amendments relate directly to Planned Mixed-Use Developments, it is not recommended that any be implemented independently of the others.

**Kip Van Blarcom**, Deputy Director  
Lancaster County Planning Department

# What Is places2040?

- **Places2040** is the Lancaster County comprehensive plan.
  - All PA counties and municipalities are required to have these plans
  - State law calls for them to be reviewed every 10 years
- Plan adopted by Lancaster County Board of Commissioners in 2018.
- Lancaster County Planning Department staff produced amended *places2040* plan.
  - Released for public comment on November 10, 2025
  - Available on our website at [lancastercountyplanning.org](http://lancastercountyplanning.org)
- Goal is to fully update *places2040* by 2028 (10-year anniversary of plan's adoption). This amendment is step toward that goal.

# Updates to the Plan

New features include:

- Summary of planning process for amended plan
- Revised Lancaster County Future Land Use and Transportation Map

# We All Agree!

All of us appreciate Lancaster County's agricultural heritage.

No one wants to see that heritage destroyed.

At same time, we need to recognize that our economy is diverse. We should be thankful for that, because it's kept the county vibrant and strong for 300 years.

Most decisions about land use in Lancaster County are made by well-meaning people – mostly local residents – who want best for their community.

It's easy to paint these issues in black and white terms, but this is complicated stuff!

# Things to Keep in Mind

- Ensuring the viability of farming is more difficult than simply preserving land.
- No growth is not an option. Even without people moving in, our population is growing. Municipal budgets depend on tax revenue.
- Lancaster County has a shortage of housing units and industrial land. Where and how we meet these needs is a countywide challenge, not just a local one.
- Water & sewer service is prohibitively expensive, and many uses are only feasible where that service exists.
- Growth area boundaries haven't been adjusted on a countywide basis in over 30 years.
- Much of land added to growth areas is existing development and land zoned for non-agricultural use long before this process began.

# **Future Land Use and Transportation Map (2025 Draft)**

# Updates to This Map

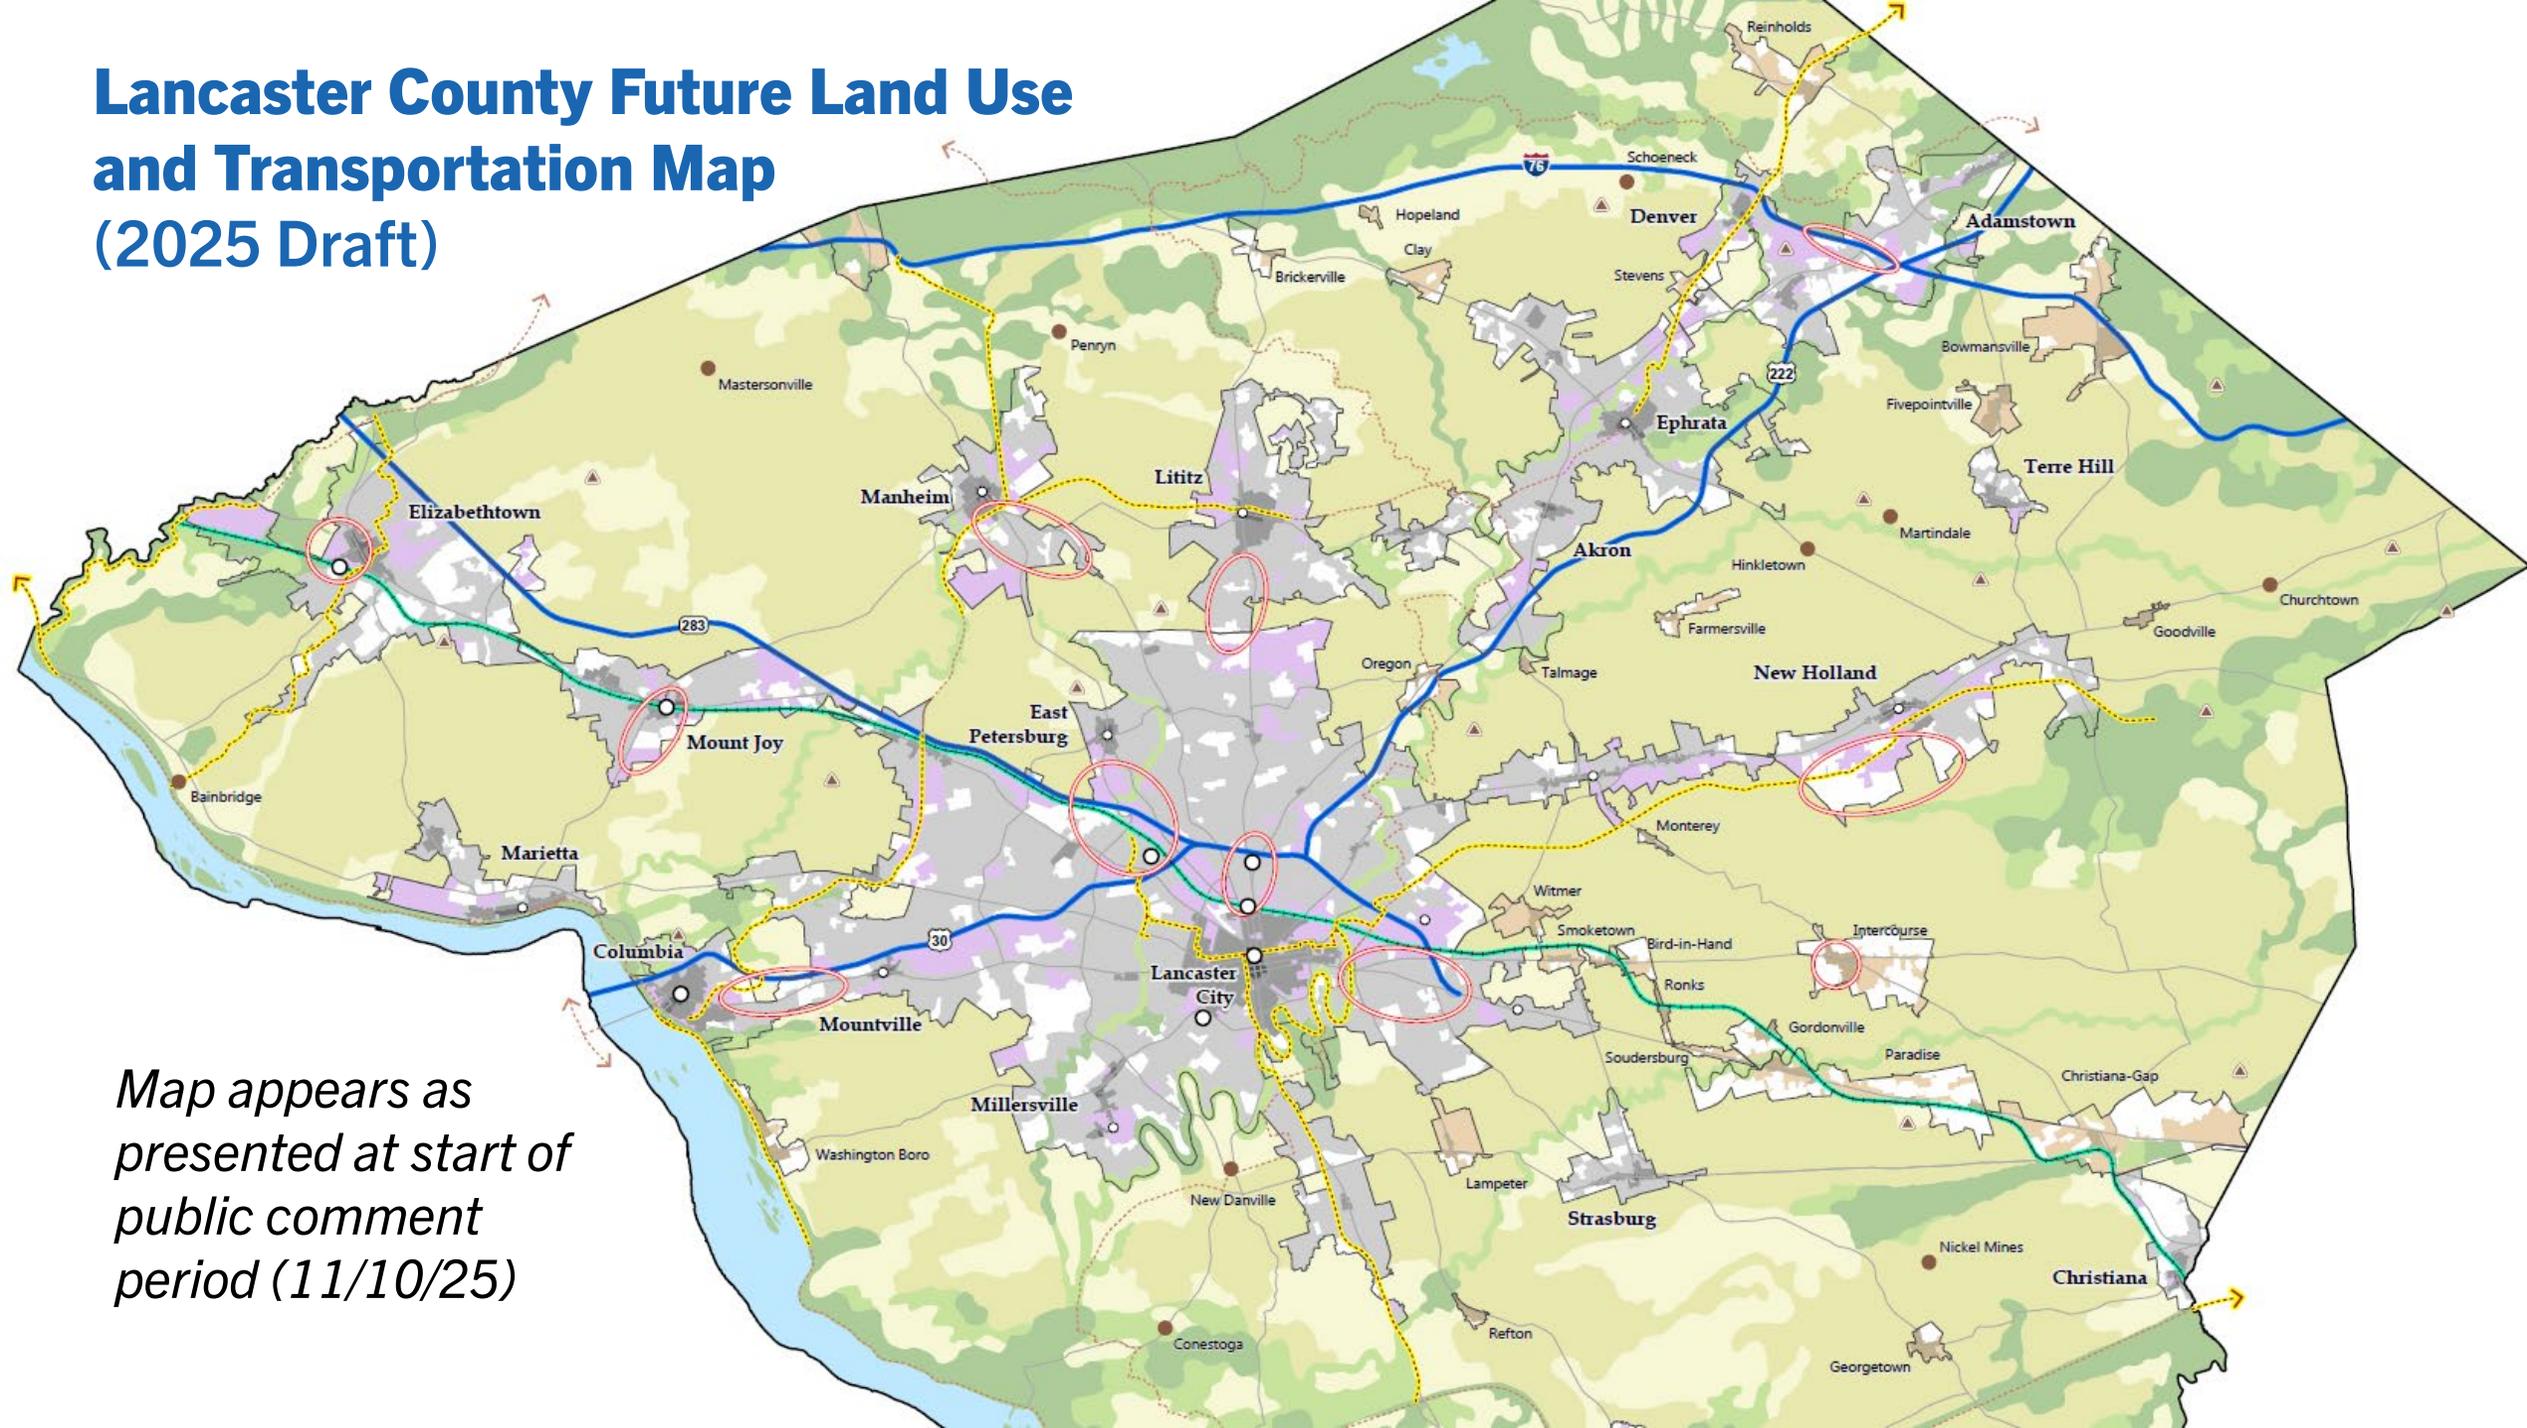

Future Land Use maps are included in most comprehensive plans. Lancaster County's map also addresses transportation priorities.

Changes to map include:

- Growth area boundary adjustments proposed by municipalities
- Investment areas for future study – places with potential for compact growth
- Updates to landscape character sectors and buildable land

At regularly scheduled public meetings, municipal elected officials in each affected community passed resolutions acknowledging growth area changes and investment areas!

# **Public Comments on places2040 Amendment**

# Summary (1)

## Growth and Development

- No more growth. (2 comments).
- Build up, not out. Focus on creating places.
- Growth should happen where there's already residential. Growth has ruined small-town feel of Gap – it's now an industrial thoroughfare.
- Development should be directed to other parts of PA that are blighted and closer to energy resources – instead of providing cheaper housing so people can live near turnpike and work outside county.
- Our roads are not designed to handle more traffic. Tourism industry has created jobs but visitors don't come to see warehouses and data centers.
- Rohrer's Quarry area (Penn, Warwick, & Manheim Twps.) is seeing development and traffic conflicts.

# Summary (2)

## Farmland and Natural Resources

- When farmland is developed, it can never be restored to its best use: food production.
- Too much ag land being rezoned to growth areas (2 comments). Zoning is first line of protection for farmland.
- Shouldn't deny farmers the right to preserve their farms (6 comments).
- Once natural resources are gone we can't replace them.

# Summary (3)

## Proposed Growth Area Expansions in Leacock, Earl, and Salisbury

- Oppose these additions to growth areas (10 comments including Respect Farmland, Lanc. Farmland Trust, and Lanc. Ag. Preserve Board). *Lanc. Farmland Trust – More measured approach would be farmland preservation plan for each municipality.*
- Property owners in growth areas proposed for expansion (Earl and Leacock) prefer their properties not be included (3 comments).

# Summary (4)

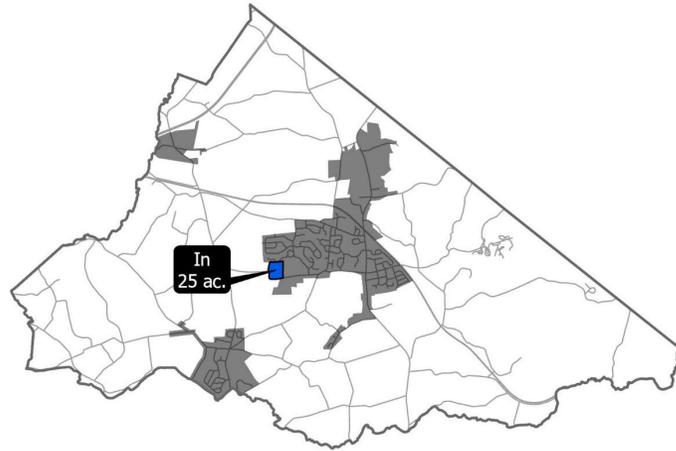

## Requests for Growth Area Boundary Changes

- Resident wants to add his property to Warwick growth area. *Warwick declined to include.*
- 2 developments in Manor will extend outside growth areas. *Manor declined to include.*
- Brecknock requested small addition to growth area. *LCPD staff made these changes [Public Comment Change #1 map].*
- Lanc. Farmland Trust asked that preserved farms be removed from growth areas. *LCPD removed preserved farms on edges but included preserved farm “donut holes” as parcels with development constraints. This process resulted in small change to Leacock’s growth area proposal [Public Comment Change #2 map].*
- West Lampeter requested removal of preserved parcel near PA 272, together with parts of 2 other properties. *LCPD staff made these changes [Public Comment Change #3 map].*

# Summary (5)

## Mapping

- Scale of Future Land Use & Transportation Map is inadequate. *Moving forward, LCPD will provide more detailed maps online.*
- On Lanc. Co. Planning website, can't find maps of growth area changes. *Staff posted these maps under places2040 tab.*

## Planning Process

- Plan wasn't promoted and advertised to public (2 comments). Townships did not seek input.
- Planning process is driven by unelected bureaucrats, not by residents who want to continue rural and farm-influenced lifestyle of Lancaster County.

# Summary (6)

## Other

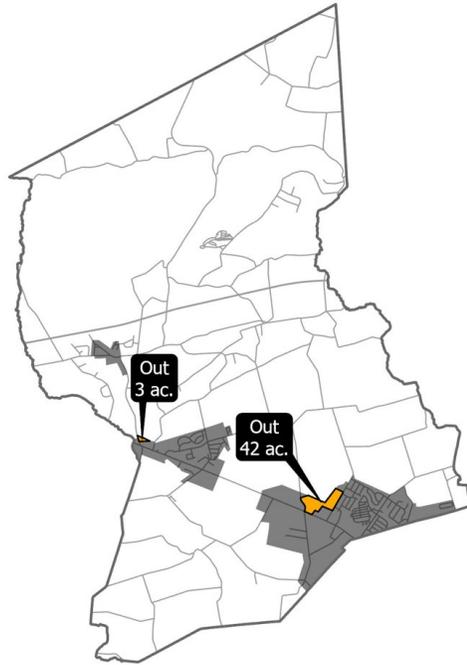

- Pleased to see investment area surrounding Elizabethtown Train Station.
- Want to see trail between:
  - Mount Joy & Elizabethtown
  - Elizabethtown & Northwest River Trail
- Want to see regional rail and eco-friendly plantings on highways.
- Well-researched, informative, and forward-looking report. Want to see progress on noise mitigation from jake brakes, modified mufflers, etc.

# **Adoption Process**

# Adoption Process: Next Steps

The Lancaster County Planning Commission may:

1. Move that plan be forwarded to Lancaster County Board of Commissioners (BOC) for review and possible adoption.
  - Lancaster County Planning Department (LCPD) staff will update Future Land Use & Transportation Map to reflect map changes requested during public comment period and technical revisions discussed today. LCPD staff will include updated map in amendment and forward to BOC.
  - At BOC's discretion, it can schedule final public hearing and vote on possible adoption.
2. Move that changes be made to amendment and/or that public comment period be extended.
  - Changes may affect timeline of BOC's review.
