Call to Audience

No one from the audience addressed the committee regarding an item not on the agenda.

Approval of Minutes

The committee reviewed the minutes from its Thursday, August 14, 2025, and October 9, 2025, meetings.

Mr. Swiernik made a motion to approve the minutes as submitted. Ms. Hursh seconded the motion. The motion passed unanimously.

New Business

A. For Information

1. **2027 Highway and Bridge Transportation Improvement Program (TIP) Development Update** [0:12:08](#)

Gary Jones and Mary Siu, Lancaster County Planning Department

Mr. Jones gave an overview of the update.

Members discussed funding options and ways to encourage more funding towards Bicycle and Pedestrian projects.

2. **E-Bike Safety Follow Up** [0:37:49](#)

Kristiana Barr, Lancaster County Planning Department

Lindsay Pringle, Active Transportation Advisory Committee

Ms. Barr provided an overview of discussion from prior ATAC meetings, and the steps the department has taken since the October meeting. She stated they are hoping to have data for the March ATAC meeting.

Ms. Pringle gave background from Penn Medicine General Health, stating that up until recently, e-Bike crashes were being classified as motorcycle crashes. She stated they are going through each case to determine what kind of e-bike was involved to create a better classification for those cases.

Ms. Barr asked the members if there is any data or information ATAC members would like department staff to try to provide for the March 12, 2026, ATAC meeting.

Members discussed potential education opportunities for e-bike users including white papers, instructional videos, and working with PennDOT to have bike safety included in the renewal process for driver's licenses.

Ms. Barr stated she would investigate to see if any other municipalities in Lancaster County have since regulated or are considering regulations; along with reaching out to PennDOT and the Center for Traffic Safety for any updates.

3. **Lancaster County Parks and Trails Master Plan Update: Trails Recommendations** [1:03:07](#)

Mike Domin, Lancaster County Planning Department

Mr. Domin gave an overview of the Parks and Trails Master Plan and stated there will be a brief outline of the plan presented at the March 12, 2026, ATAC meeting.

4. **Regional Trail Planning Update** [1:06:07](#)

Mike Domin, Lancaster County Planning Department

Mr. Domin provided updates about the following trails:

- Enola Low Grade – Bart Township section, Sadsbury Township section, Chester County section, and Quarryville Borough section
- Warwick Ephrata Rail Trail
- Blue Green Connector
- Lancaster Heritage Pathway

Other Business

A. **ATAC Vacancy** [1:19:52](#)

Kristiana Barr, Lancaster County Planning Department

Ms. Barr explained the current ATAC vacancy and stated the department will work with the MPO nominating committee to appoint a new member later this year. She asked the members to reach out to department staff if they have any recommendations for candidates, organizations, or communities they would like to see on the committee.

Ms. Hursh asked if a name change would ever be considered to assist in having more diverse representation.

Ms. Barr stated a name change could be added to the list of items to be considered for the next MPO Bylaws update. She added that she will send the general definition of ATAC membership in the MPO Bylaws to the committee members.

Members discussed potential organizations and communities to reach out to, including those who use mobility devices, SACA, and law enforcement.

Public Comment

No one from the audience provided any comments.

Summary:

At the August 14, 2025, ATAC meeting, committee members expressed increasing concern about the safety and regulation of electric bicycles (e-bikes) on shared use trails and urban sidewalks in Lancaster County. This discussion was continued at the October 9, 2025, and January 8, 2026, ATAC meetings.

Based on final feedback from ATAC at the January 8th meeting, Lancaster County Planning staff:

- Emailed the Center for Traffic Safety Lancaster County Coordinator to ask for any updated information on education or enforcement activities related to e-bikes or micromobility in Lancaster County by Center for Traffic Safety or its education and law enforcement partners.
 - o Response: Reaching out to police departments in Lancaster County to find out if e-bikes or micromobility are an issue and if there are enacted ordinances. So far, they have spoken to over half of the police departments in Lancaster County.
 - Most said it has not been a serious issue in their areas yet.
 - Manheim Township noted issues with children on e-scooters fleeing their officers.
 - Ephrata was planning on partnering with a local business to have a bike rodeo and scooter information on-site. Unsure of the status of that event.
 - No additional municipal ordinances were identified.
- Emailed the PennDOT Statewide Bike/Ped Coordinator to ask for any updated information on PennDOT Central Office projects planned or policy updates considered related to e-micromobility.
 - o Response: Working with a consultant team on a Vulnerable Road User (VRU) Safety Education work order that includes one micromobility informational piece. They are waiting for contract execution to begin. They will share materials when available.

- Confirmed that Lancaster County Planning has a list of bicycle shops in Lancaster County from 2017. It does not include information about the products sold, such as e-bikes. So, we do not know e-bike retailers in Lancaster County.
- Confirmed that no additional Lancaster County municipalities have considered or pursued regulation of e-micromobility.

Some local police departments are providing references to state law on their websites:

New Jersey passed legislation on e-bikes, see summary from the Bicycle Coalition of Greater Philadelphia: <https://bicyclecoalition.org/governor-murphy-signs-e-bike-bill-and-some-questions-answered/>

- Identified existing resources on e-bike operational safety information for local businesses and their customers that could be shared.

Summary:

Preventing serious injuries and fatalities on roadways is a critical priority across the nation. Transportation Improvement Program (TIP) Safety Projects are designed to reduce both the frequency and severity of motor vehicle crashes.

An early draft of a report developed by the Lancaster County MPO, on TIP safety projects, was first presented to the Active Transportation Committee at the August 2025 meeting. This report is intended to help evaluate the impact of TIP safety projects on roadway safety. Since then, this report has been updated and a sample of the final version to this point will be shared at the March 12, 2026, ATAC meeting.

Crash data from the Pennsylvania Crash Information Tool (PCIT) was compiled into this report, which includes five years of crash data prior to the construction of each safety project and up to five years following its completion. The report compares annual totals of crashes, categorized by type and severity, to determine how these projects have influenced overall crash trends.

This analysis provides valuable insight into whether TIP safety projects are achieving their intended goal of making Lancaster County's roadways safer. The Safety Evaluation of TIP Projects report can be found on the Performance Management page of the Lancaster County Planning website with this link:

Summary:

Lancaster Heritage Pathway: Funding for the development of a concept design, cost estimate, and budget for the connection between the Lancaster Heritage Pathway and the Blue Green Connector is being provided by the Lancaster MPO and the Lancaster County Planning Department. A key element of the project involves a boardwalk across F&M's Spalding Preserve to connect to the Blue Green Connector project as it crosses Little Conestoga Creek to F&M's property. The Planning Department is working with C.S. Davidson and YSM out of York, PA to conduct the work. A draft concept design has been presented to Planning Department staff and the partners involved in the project. Comments from the project partners on the concept design are due in early mid-March. A public open house meeting to review the design concept is tentatively scheduled for Thursday, April 30th, at Lancaster Country Day.
