A Transportation Network That Better Accommodates Bicycles, Pedestrians, and Transit including moreflexible public transportation options.

Housing, Jobs, Schools, Transportation, and Other Destinations that are Connected with roads, transit, trails, and sidewalks.

Sufficient Commercial, Industrial, and Institutional Land to support a growing and diversified local economy.

Development that Integrates Housing, Jobs, Schools, and Services rather than developing them in separate places.

A Well-Connected Countywide Network of Trails and Natural Areas accessible to all county residents.

Support for Industry Clusters -- groups of businesses, suppliers, and institutions that share common markets, technologies, and a need for certain skills.

Community Amenities to Attract and Retain a Skilled Workforce that earns a competitive wage.

Coordination Between Educators, Workforce Organizations, Employers, and Government to remain competitive in the 21st-century economy.

Taking Care of What We Have

Preservation of Large Contiguous Areas of Agricultural Land through consistent and effective protection measures tailored to unique rural areas.

An Interconnected Network of Greenways and Open Space that establishes large blocks of preserved land, creates links, and protects important habitat.

Strategies to Preserve the Farmer as Well as the Farm -- on-farm businesses, value-added processing of local produce, minimal farm fragmentation, etc.

Regional Management of Stormwater for improved water quality, maximum operational efficiency, and cost-effectiveness.

Protection and Restoration of Natural Systems such as floodplains, wetlands, native plants, and wildlife habitat to improve waterways and water quality.

Maintenance and Improvement to Community Infrastructure including roads and bridges; water, sewer, and stormwater systems; and technology.

Maintenance, Rehabilitation, and Reuse of Existing Buildings because it's more sustainable and protects community character.

A Sustainable Supply of Clean Water to support a growing population and a strong economy.

Stewardship of Our Heritage such as our world-class farmland, vibrant urban places, and outstanding natural areas which define our sense of place.

Promotion of Entrepreneurship and Local Businesses to inspire residents to buy locally produced products and strengthen the "maker economy."

Growing Responsibly

Retention of Urban Growth Areas generally as they are with the total amount of buildable land within UGAs as a whole remaining about the same.

At least 85% of New Dwellings Built in UGAs.

Efficient Use of Remaining Buildable Land in UGAs to accommodate residential and non-residential (commercial, industrial, and Institutional) needs.

A Focus on Redevelopment and Infill in UGAs where sewer, water, and transportation infrastructure already exists.

Planned Use of Large Tracts (40+ Acres) of Vacant Land in UGAs as "growth opportunity areas" reserved for mixed use and non-residential development.

Limited Large Lot Residential Development in Rural Areas of no more than 15% of total new dwellings in the county.

Compact and Efficient Development with an emphasis on building up not out, improving the pattern of growth, and providing connections.

Residential Development at a Density of 7.5 Dwellings per Acre (countywide average -- varies by region).

Infrastructure Facilities and Services Provided Prior to New Development Occurring.

A Reduction of Projected Rural Population by 3% with that population redirected to UGAs.

Thinking Beyond Boundaries

A Focus on Communities, Corridors, and Landscapes as a framework for future land use and transportation planning.

Governments, Organizations, and Businesses Working Toward the Same Goals in the community.

More Efficient, Consistent, and Regional Planning and Regulation through a simplified approach to land use, incentives, and local implementation.

Stronger Links Between the Public, Private, and Nonprofit Sectors and between different levels of government to achieve planning goals.

A Diverse Array of Skilled Leaders who can be champions for place-based planning.

Broader Constituencies including everyone from school children to retired adults.

More Opportunities for Civic Engagement on planning issues.

Education Efforts on Planning Issues and how they affect our health, quality of life, environment, and economy.

Regionalization of Public Services to reduce costs, increase efficiency, and avoid duplication.

Achieving Regional Planning Goals and Targets.

RECOGNITION OF AWARD WINNERS

All projects will be showcased at an event in the spring of 2022 to recognize the award recipients.

In addition, the award winners will be displayed on the Lancaster County Planning Commission's website. The County Planning Commission may also use the winning entries in their promotional and educational materials.
